MANCHESTER EAR HOSPITAL

91st ANNUAL REPORT.

The Committee of this Hospital present the 91st Annual Report and record that during the year 1946, 846 patients were admitted to the Wards, an increase of 102 on 1945. The number of Out-patients has also increased considerably though there were fewer Out-patient attendances.

OUT-PATIENT DEPARTMENT.

The number of Out-patients has been 7,052 an increase of 236 on the year 1945. The total attendances of these and former patients have been 17,123.

IN-PATIENT DEPARTMENT.

The number of In-patients has been 846 against 744 in 1945. More detailed statistics are contained in the report and again show an increase in the cost per In-patient, due to much necessary expenditure during the year and increased costs in all departments.

AREA OF SERVICE.

Patients from 154 outside areas have been treated, some of them from as far afield as Wales, Derbyshire and the Midlands.

During the year we have also continued to treat cases referred from the Ministry of Health and the Ministry of Pensions.

GENERAL.

During the year Dr. J. F. Brown was appointed as Resident House Surgeon and we have been fortunate in the continued service of Dr. P. Moses as Registrar. The Committee take this opportunity of conveying their warm thanks to all the Honorary Medical and Surgical Staff for their devoted work during the past year, and also thank the Registrar, the Resident House Surgeon, the Anæsthetists, the Pathologist and Dispenser and the Matron and Nursing Staff for their willing and efficient services.

The best thanks of the Committee are given to the Honorary Auditors for their help.

The Committee record with regret the resignations during the year of Mr. W. A. C. Leaf and Mr. G. St. Clair Robertson. Mr. Leaf has been the Honorary Treasurer and Mr. Robertson a member of the Board for many years and the Committee offer them their heartfelt thanks for their willing and unfailing services.

Mr. J. T. Pollard has consented to act as Honorary Treasurer.

FINANCE.

During 1946 the income of the Hospital has decreased slightly and there has been a considerable increase in expenditure. The deficit on the Income and Expenditure account amounts to £2,730 16s. 7d.

New equipment, including a refrigerator which has been badly needed for some time, has been installed.

The increased use of penicillin (with excellent results) has been an added expense, as this was previously obtained free of cost from the Research Department of the Manchester Royal Infirmary, to whom we are very grateful.

The Committee are anxious to continue the work of the Hospital during 1947 with increasing efficiency and trust that our many subscribers and friends will continue to support us. During the year donations from new friends have been received and many letters of appreciation have come from patients. Grateful thanks are given to all our supporters including the local churches and schools who have continued their help during the year. Considerable assistance has also been received from various social clubs and workpeople's collections. It is impossible to mention all by name but their help is greatly appreciated and special thanks are due to the Manchester & Salford Hospital Saturday and Convalescent Fund and the Medical Charities Fund. All these efforts indicate the considerable voluntary help which is given to this specialist hospital.

Grateful thanks are given for the following special contributions:—

Manchester and Salford Hospital Saturday and Convalescent Homes Fund	£313	0	0
Manchester Corporation	160	0	0
Medical Charities Fund	60	7	3
Alexandra Rose Day	15	6	3

BOWMAN & HENSHAW, Chartered Accountants,

REPORT OF THE MEDICAL BOARD FOR 1946.

The work of the Hospital during the past year has again been well maintained as shown by the increase in the number of out-patients attending the Hospital and the number of in-patients admitted and operations performed.

The work of the Hospital has been very considerably helped by the services of Dr. Moses and the honorary medical staff are indebted to her for her loyal assistance. The Hospital has again been fortunate in retaining her services as Registrar.

The Medical Board wishes to record its appreciation of the help given by the Committee of Management during the past year.

The Annual Report of the Manchester Ear Hospital has been reduced in size in the interest of economy. Lists showing Subscribers and Donors, Legacies and Rules and the Agenda of Annual Meeting can be seen on application to the Secretary.

STATISTICS.

In-patients.

1. Bed Complement (20 beds x 10 cots)	30
2. Average number of beds in daily occupation	16
3. Number of In-patients in Hospital at beginning of 1946	8
